This publication was subject to international and anonymous peer review.

Peer review is an essential part of the Austrian Academy of Sciences Press evaluation process.
Before any book can be accepted for publication, it is assessed by international specialists and
ultimately must be approved by the Austrian Academy of Sciences Publication Committee.

The paper used in this publication is DIN EN ISO 9706 certified and meets the requirements for
permanent archiving of written cultural property.

All rights reserved. No part of this work may be reproduced or used in any form or by any means
(graphic, electronic or mechanical, including photocopying or information storage and retrieval
systems) without written permission from the copyright holder.
